Day in the Life of a Medical Coder | REALISTIC WORK DAY!

For the Laparoscopic Vaginal Hysterectomy procedure where I said I billed 58260 with 58661-50x2. I reviewed this surgery with my co-worker and manager and we came up with 58552 being the correct code to bill. The documentation stated that the utero-ovarian ligament was cut during the laparoscopic approach, so this would be an LAVH procedure. The reason for 58661 being billed twice with modifier 50 is because of payor guidelines. Some insurances want you to bill bilateral services on 2 separate charge lines with modifier 50 or LT and RT modifiers. You have to follow the payor guidelines when billing bilateral services. If you guys have any other questions, feel free to leave them down below in the comments!

Day in the Life of a Medical Coder | REALISTIC WORK DAY!

Hi guys! Im back with another realistic work day at home. For those of you knew to my channel I am an Obstetrics & Gynecology coder. I've been coding for over 5 years but recently switched over to Ob/Gyn coding in August of 2020. I absolutely love what I do & enjoy working from home. My work day typically starts anywhere from 5am-8:30am. I'm not required to start working at a specific time during this timeframe but I have to working before 9am. I have a flexible schedule. I hope you all enjoy the video. Don't forget to give it a thumbs up and subscribe to my channel. CHECK OUT MY OTHER CODING VIDEOS BELOW!!!!
