### 10 Best Places to Retire in Mexico Comfortably

It's no wonder that Mexico is one of the most popular retirement destinations for North American expatriates. Its vibrant culture, wonderful food, friendly people and amazing tourist attractions can be just a drive away. As a whole, the beautiful weather and beaches are a start, but Mexico also has a low cost of living. Furthermore, the wide range of lifestyle options is much different than in other countries. Some of the places to retire in Mexico already have established expat communities, while in some places foreigners are practically unheard of. A couple could retire with good accommodation and private health insurance for about \$2,000 a month, or \$23,00 a year. And, if you are from the U.S you might keep your health insurance plan from home, since you're so close to the border. So here are 10 Best Places to Retire in Mexico SUBSCRIBE : youtube.com/skerryharry FOLLOW : twitter.com/SkerryHarry Thanks for watching be sure to subscribe for more amazing content!

### The U.S.-Mexico migrant crisis: What is really happening at the border

The migrant crisis at the U.S.-Mexico border has received an overwhelming amount of attention due to videos showing scores of Central Americans tracking north as part of migrant caravans, U.S. President Donald Trump alleging the country is being invaded by illegal immigrants, and alarming images of children being held in cages at American detention facilities. The humanitarian crisis along America's southern border is a reality, but it is not so much due to the volume of migrants, but rather the demographic shift in the people U.S. border agents are intercepting. Since 2000, the number of migrants attempting to cross into the U.S. as dropped drastically - So what is leading to the current crisis? ### The DARK TRUTH about why AMERICANS LEAVE MEXICO

We estimate about 50% of expats who move to Mexico end up leaving within a few years. These are the 14 big reasons why. ► Rocket Spanish: [rocketlanguages.com/spanish/premium?type=sales&aff=tangerinet](http://rocketlanguages.com/spanish/premium?type=sales&aff=tangerinet) In the 2.5 years we've been living in Mexico, we've seen lots of expatriates (aka expats or immigrants) move here but ultimately leave the country. Although these expats did their research, there are certain dealbreakers that caused them to go back home. If you're considering moving to Mexico in 2020, we encourage you to watch this video to get a realistic perspective on the major reasons that cause an expat to pack their bags and move away. These are some of the things we discuss in this Mexico vlog: - Is Mexico safe to live and travel? - Can you get by without speaking Spanish in Mexico? - Dangerous experiences while traveling in Mexico - Property rights and rip-offs while living in Mexico - Violence and danger in Mexico - Is Mexico safe or dangerous in 2020? Here's an article we reference in the video titled "After a 20-Year Relationship, I'm Giving Up on Mexico" [mexiconewsdaily.com/opinion/after-a-20-year-relationship-im-giving-up-on-mexico/](http://mexiconewsdaily.com/opinion/after-a-20-year-relationship-im-giving-up-on-mexico/) The dashcam footage of Logan Howard & Aaron Payzant driving through Tabasco, Mexico was used with permission.
