How Much Does A Steel Building Cost - 30x40 | 40x60

In today's episode we will answer the number one question that customers have for us here at the office and online. "How Much Does A Steel Building Cost?" Just like our previous tutorials, most of what we discuss here also applies to pretty much any metal building project, not just a Great Western Building. In future videos we will continue to go over each step of the process of building a pre-engineered steel building and we will keep answering your questions as they come up. Like and Follow us to stay up to date as we release more tutorials, tips and videos and Build Great! For those of you just discovering us: Great Western Building Systems supplies high quality pre-engineered steel buildings. On this Channel we host videos of our featured projects, tutorials, how-to, tips and tricks, DIY suggestions, and answer frequently asked questions that new builders and customers commonly have. We hope that with our help anyone can learn how to put up a steel building. Many of our customers put their buildings up themselves, and this channel is a resource to help them every step of the way. Enjoy! Visit Us - hello.gwbuildings.com/YouTube Get a Quote - greatwesternbuildings.com/custom-building-price-quote/ Or Call Us - +1 (800) 497-2135

Prefab Metal Building Construction for an Affordable Home

We will walk you through an affordable metal building home conversion. This was the most cost effective alternative to a conventional home we could come up with. Follow us as we show you the process and how to convert a 30x60 prefab metal building into a spacious 1800 square foot home. We assembled our floor plan from various different plans to come up with what works best for us. We will walk you through the process as we construct this completely out of pocket, so it will be completely paid for when completed. This will be Episode 1. Working on getting completely debt free.
