### How Much Does It Cost To Rekey A Lock

In this video, Guardian Safe & Lock Technician Brandon Gonzalez and Company Owner Uriah Ortiz discuss how much it costs to rekey a lock. They also answer the question "Is it cheaper to rekey or replace locks?" Rekeying a lock means changing the key that operates the lock by replacing the pins inside to fit a new key. This is a fairly standard service that locksmiths offer on everything from house doors and cabinets to safes and vehicle ignition cylinders. ### Is it cheaper to rekey or replace locks | Mr. Locksmith™ Video

Is it cheaper to rekey or replace locks? | Mr Locksmith Video [mrlocksmith.com/](http://mrlocksmith.com/) Cheaper to Rekey or Replace Locks Whether you just moved into a new home or have been in the same house for a while, it might be a good time for you to look into changing your locks. Every day I get asked should I re-key my locks or replace them? Re-keying your locks, if you have good locks, it's pretty inexpensive. We just re-key the lock so the old key doesn't fit it. So we take the lock off, re-key it, put it in, give you brand new keys. The old key will go in the lock but it won't turn the lock. That's re-keying. So re-keying is usually less expensive. So most locks can be re-keyed. Residential, business, commercial, everything. Most locks can be re-keyed. Residential and commercial locks The deadbolts and the key in knobs. We can re-key them. We can change the combination inside and give you new keys. If you have a good lock and it's less expensive than replacing them. However, if you have some old, crappy locks or inexpensive or you want to increase the security of your locks, then we will replace the lock and sell you a new one and install it. Rekey Locks Re-keying is simple. It's very fast. It doesn't take long for us to do it. And we can re-key regular locks, high-security locks, some padlocks can be re-keyed but most can't, they're sealed units. Re-keying your locks is pretty inexpensive compared to replacing them. Also, it doesn't take a lot of time, 15 minutes we can re-key a basic lock. Sometimes they take a little bit longer, sometimes quicker. Just depends upon the lock and how old it is and what style of lock it is. Some of the high security locks can take quite a while to re-key. But again, it's less expensive. You don't have to change your locks. You don't have to install brand new ones. We can just re-key your existing locks. ### Changing Locks on a New Home | Open House | Ask This Old House

Ask This Old House general contractor Tom Silva explains why and how to change the locks in a new home. SUBSCRIBE to This Old House: [bit.ly/SubscribeThisOldHouse](http://bit.ly/SubscribeThisOldHouse) Time: 30 minutes Cost: \$40 and up Skill Level: Beginner Steps: 1. When you move into a new home, you should change the locks on your house. You have no idea how many copies of the house keys are floating out there from the previous homeowners, so changing the locks will keep you new house more secure. 2. Take an inventory of all the doors with locks in the house. 3. Purchase new door knob lock sets at a home center. Look for knobs that are labeled "keyed alike" or have a matching code so that you can use the same key on all the doors. Most home centers can also rekey the lock sets when you buy them. 4. To change the locks, unscrew the door knob from the inside and pull the knobs apart. 5. Insert the new knobs into the door opening. 6. Screw the new knobs into the door. Resources: Tom recommends changing the locks whenever a new home is purchased. The door knob and dead bolt lock set Tom demonstrated with was a Plymouth Single Cylinder Knob Combo pack with a bright brass finished. It is manufactured by Schlage ([schlage.com/en/home.html](http://schlage.com/en/home.html)) and can be

found at most home centers.
