Donald Trump on illegal immigration in the U.S.

GOP presidential nominee Donald Trump talked about immigration during his acceptance speech at the 2016 Republican National Convention.

The law that broke US immigration

Why the US has so many undocumented immigrants. Subscribe to our channel! goo.gl/0bsAjO Immigration looked very different before 1996, when President Bill Clinton signed the Illegal Immigration Reform and Immigrant Responsibility Act (IIRIRA). The law was supposed to stop undocumented immigration by increasing enforcement and punishing people for being in the US undocumented. Instead, it incentivized people to stay in the US — and the undocumented population doubled. When researching this story we used a lot of great resources. Here are a few of the most helpful: This collection of articles on IIRIRA by the Center for Migration Studies explains many angles on the law itself, the politics of the time that led to its passing, and the ongoing impact: cmsny.org/publications/jmhs-sc-iirira/ Douglas S. Massey at Princeton and his co-authors have written about how border enforcement backfired, including in this 2016 paper:

spia.princeton.edu/system/files/research/documents/684200.pdf We got data on return probabilities to Mexico after a first undocumented trip from the Mexican Migration Project: mmp.opr.princeton.edu/ Polling data about Americans' views on immigration come from the Pew Research Center and Gallup:

pewresearch.org/fact-tank/2019/01/31/majority-of-americans-continue-to-say-immigrants-strengthen-the-u-s/ news.gallup.com/poll/1660/immigration.aspx Annual Border Patrol budget comes from the American Immigration Council: americanimmigrationcouncil.org/research/the-cost-of-immigration-enforcement-and-border-security We relied on Pew's data on the number of undocumented immigrants in the US, which also explains more on the changing nature of immigration to the US in recent years:

pewresearch.org/fact-tank/2021/04/13/key-facts-about-the-changing-u-s-unauthorized-immigrant-population/ The Migration Policy Institute has covered the issue over the years, including in this recent policy brief:

migrationpolicy.org/research/rethinking-us-legal-immigration-road-map Cato Institute's Alex Nowrasteh has written about the issue, including this article on the three- and 10-year bars: cato.org/blog/removing-310-year-bars-not-amnesty Check out Vox's past reporting on this issue to get more background: vox.com/2016/4/28/11515132/iirira-clinton-immigration vox.com/policy-and-politics/22451177/biden-border-immigration-enforcement-detention-deportation Vox.com is a news website that helps you cut through the noise and understand what's really driving the events in the headlines.
