Does Home Depot Cut Wood? (Plus Expected Costs)

Home Depot cuts wood for customers that purchase the wood in-store, but they perform rough cuts, not precise project cuts. The first few cuts are free, but then there might be a small charge. Home Depot's wood-cutting policies vary based on location, so ask first before assuming they'll make your cuts.

Will Home Depot Cut Wood For You: A DIYers Dilemma!

Cutting wood is one thing that not all homeowners will be able to do, so having a place like Home Depot where you can get your wood cut is a helpful tool to use as you work on your household project. Whether you need a few small pieces of wood cut, or you are hoping to have some large pieces cut to a size you need, you will likely be able to ...

Does Home Depot cut wood for free

Does Home Depot cut wood for free? Jul 12, 2017 Most stores will do one or two cuts free before they start charging you. I cut my own plywood and lumber, the precision and quality of cuts at big Box stores like Home Depot is not good. With a circular saw (and sharp blade) you can make much better cuts.
