Buying a New Manufactured Home-Its More Than You Think

How to buy a new manufactured home: Here's exactly how you can buy a manufactured home, step by step, and the process involved. Enjoy! Step 0: This is where it starts: Save for a down payment. Step 1: Talk to a lender. Before you can start shopping for your new manufactured home you have to know how much money you're going to have to spend. Talk to a lender before you begin shopping. Step 2: Start looking at floor plans. This is a fun step because there are so many manufactured home plans available so you'll have lots to look at. Step 3: Decide which manufactured home provider in your area you want to work with. This is a very important step because you're going to have a relationship with this company for the next 2 to 12 months, you want to make sure it's a good fit. Step 4: Decide which colors and upgrades you want in your home. I recommend researching different color palettes online before you go in to choose your colors, because there are a lot of choices and it can be overwhelming.
