What is the RPlanet Staking Calculator With Creator Nick Kusters

What is the RPlanet Staking Calculator? With Creator Nick Kusters R-Planet - Explore, Mix & Invent. Generate unique NFT elements and win prizes! rplanet.io R-Planet Staking Calculator: rp.naw.io What is R-Planet? In short; "R-PLANET" is a revolutionary NFTs-staking system, which allows you to benefit from unused NFTs and have a lot of fun. It's the first and only multi-project NFT DEFI system in the galaxy! The R-Planet NFT DeFi system will be a three-phase project, with each phase consisting of one or more games. All games will involve DEFI, NFT, and FT assets, created within the R-Planet ecosystem. Stake your unused NFTs for profit and enjoyment! You probably have some NFTs you are not using. Don't let them collect dust. Very soon, you'll be able to stake NFTs from any of the projects listed on the R-PLANET NFT-DeFi staking system. Stake NFTs — mine Aether! Why stake NFTs? By staking NFTs, you mine aether. What is aether? Aether is an in-game currency of R-Planet used for buying basic elements. Which elements are "basic"? There are four basic elements: water, air, earth, and fire. They are Simple Asset FTs. What is an FT? FTs are Fungible tokens. They can be grouped and expressed as a quantity, in contrast to NFTs, Non-Fungible tokens, which represent unique items. In RPlanet elements and materials which can be used in recipes are FTs. Why combine the elements? Combining the basic elements allows you to guess recipes and get new materials or things, which can be used for new combinations in the future. If you are the first one to invent a material, you will get an Inventor Prize. Also, the first 600 players, who will make it, will get a pack with NFT they will have created TheeHustleHouse.com Follow Us: Twitter @TheeHustleHouse Instagram @TheeHustleHouseBoutique WAX.io address: jmaq.wam Download my What is an NFT guide here: gumroad.com/l/nftguidebook Download my Introduction to Crypto Guide here: gum.co/a/Whwjb I highly recommend using a hardware wallet like the Ledger or Trezor to safely protect their crypto investments.
