Log Home Packages Explained

Choose Your Home Package Type... Complete Package ☑☑ One-Stop-Shopping is why Golden Eagle has sold over 5,000 homes Golden Eagle's Complete package has evolved into what most customer's want and is, by far, the easiest way to purchase a log or timber frame package. Our "one-stop-shopping" approach creates the most thorough and stress-free package on the market. Kitchen and bath cabinetry, fireplace & stone, plumbing fixtures, interior doors & finish materials, even the kitchen sink... all with unlimited choices. Shell Plus Package ☑☑ We call ours a shell plus because we include more than other companies' shell packages When shopping for a shell package, note that every company's package is different and none that we know of is more complete than ours. Every company includes different things. To some, weathertight shell packages may mean tar paper on the roof and no windows, soffit, fascia, decks, exterior trims, stain, etc. The Golden Eagle Shell Plus package is truly a weathertight package. It includes everything you need to button up the exterior of your home, even the code-compliant plans. One of a Kind ☑☑ This home can be as unique as you are. No rules, let your creativity flow One of a Kind is when custom and unique best describe what you are going to build. This is the place to start, whether you want a totally custom home, riding arena, pool pub, boat house, horse stable, trophy room, or lodge. Golden Eagle Log and Timber Homes will make it easier for you to buy a log or timber frame home with our custom architectural design and engineering services. Our Complete package creates a one-stop-shopping experience with Golden Eagle, saving you time and money. Our Complete package includes such items as, professionally-designed kitchen and bath cabinetry, kitchen and bath plumbing fixtures, windows, fireplace, stone and mantle, interior and exterior doors and trims, and so much more. We also offer a wide variety of color selections, giving you the opportunity to craft your new Golden Eagle home exactly the way you want it. About This Log and Timber Home: The "Log and Timber Home 2124AL" was designed from the very beginning with the idea to combine rustic log and custom timber elements. As we worked closely with the homeowner while designing this unique custom home, we quickly learned that they knew exactly what they wanted. Full log wall construction with squared timbers and stone for accents was desired for a truly rustic feel. Reclaimed wood flooring, reclaimed wood doors, and circlesawn boards on the ceilings would bring even more ruggedness to their dream home. A wrap-around covered porch was a must, along with an open loft where they could have a home office. With dogs being a central part of their life, they wanted to ensure that they would have their own space with unlimited access to a protected fenced-in area. This homechef also requested a gorgeously spacious kitchen with a lot of natural light, attached garage to have no steps between it and the home.
